

QUALITY POLICY

Chroma Technology Corp. is a 100% employee-owned organization committed to meeting the needs and expectations of our customers. We will ensure our employee-owners understand their role in meeting our quality objectives and contribute accordingly. These objectives will be achieved by:

- Providing solutions that meet customer requirements and exceed expectations.
- Driving continual improvement and innovation based on customer oriented business practices and consistent processes with well defined key process indicators.
- Striving to address changing customer needs and new market opportunities.
